Travel Consultant — 03/2022 – present

MELTEMI BESPOKE JOURNEYS · THESSALONIKI

Boutique travel agency designing private trips for clients from Canada and Australia.

- Private itineraries across Greece, Cyprus and Malta: 25 to 40 a year, usually 7 to 12 days long.
- Takes each client from the first call to the flight home: needs interview, written proposal, day-by-day itinerary, bookings.
- Books hotels, licensed guides, private drivers, yacht days, ferries and domestic flights for programmes with several stops.
- Writes the final trip book (contacts, transfer times, confirmations) and reconfirms every service a week before arrival.
- Records dietary needs and mobility limits, checks visa rules, and adds a café and taverna list for each stop.

24/7 On call during every trip as the clients' single contact with local suppliers.

FOR EXAMPLE

Milos: a gale kept the clients' catamaran in port. He moved them to the next morning's ferry, extended their room by one night and moved their farewell dinner booking.

Kefalonia: a client lost her passport two days before departure. He booked an emergency passport appointment, changed her flight and kept the rest of the party on their original plan.
